

MU Conservation Biology Program, Fall 2010 Calendar

Seminars meet in Tucker 18 at 3pm on Fridays. Reading group meets in Bengal Lair (Memorial Union North) at 9am Fridays.

- Sept 3rd Reading Group: Student Organizational Meeting
Learn about Conservation Biology certificate program coursework and internship opportunities, and participate in future planning. We need your input!
Seminar: Richard Guyette, University of Missouri, "Oaks and Oceans: a temporal ecology and coupling of mid continental and ocean climates"
- Sept 10th Reading Group, Topic: Climate Change Overview, ESA reports, "Ethics and Climate Change: an Introduction" by Gardiner, Moderator: Meredith Dorneker
- Sept 17th Reading Group, Topic: "Impacts of Regional Climate Change on Human Health" by Patz et al., Moderator: Jeff Schneiderman
- Sept 24th Reading Group, Topic: "Species Response to Environmental Change: Food Web Interactions and Evolution" by Harmon et al. and "Warming and Resource Availability Shift Food Web Structure and Metabolism" by O'Connor et al.
Moderator: Garrett Arnold
- Oct 1st Reading Group, Topic: "Resource Management in a Changing and Uncertain Climate" by Lawler et al., Moderator: Jaymi Lebrun
- Oct 8th Reading Group, Topic: Anthropology and Climate Change, Moderator: Emily Groom
- Oct 15th Reading Group, Topic: "The Climate Gap: Inequalities in How Climate Change Hurts Americans and How to Close the Gap" by Morello-Frosch et al. and "Just Climate Policy- Just Racial Policy" by Hoerner and Robinson, Moderator: Sarah Pennington and Hemanta Kafley
- Oct 22nd **Seminar:** Gillian Bowser, Colorado State University, "The Color of Climate: ecology, gender, equity and justice"
- Oct 29th **Seminar:** Josh Lawler, University of Washington, "Projected climate impacts for the fauna of the western hemisphere"
- Nov 5th ***Cancelled Seminar:** John Maerz, University of Georgia, "Invasive Species and Climate Change: Amphibian Ecology in a Rapidly Changing World"
- Nov 12th Reading Group, Topic: "Synergies between Agricultural Intensification and Climate Change Could Create Surprising Vulnerabilities for Crops" by Lin et al.
Moderator: TBA
- Nov 19th Reading Group, Topic: Communicating Climate to the Public, Reading: "From Convergence to Contention: United States mass Media Representations of Anthropogenic Climate Change Science" by Boykoff
Moderator: Lauren Hart
- Dec 3rd Conservation Biology Fellowship student presentations

For schedule updates, papers, and information on pizza lunches with seminar speakers, please see www.conservbio.missouri.edu
